

LOT 1178

A Japanese Satsuma earthenware hexagonal pot, Meiji period, modelled in the form of a water bucket, each side painted and gilt with scenes of figures in landscapes within simulated brocade borders, beneath an overhead handle, unmarked, height 16cm (minor faults and repair).

Estimate: £100 - £200

Condition Report

1178. Generally good condition. Typical light crazing, and light surface scratches and wear to gilt and enamels. One handle has a hairline crack directly along the line where the handle meets the body and one foot has been off and re-glued.
