LOT 1095

An Omega Constellation Automatic chronometer stainless steel cased gentleman's bracelet wristwatch, the signed silvered dial with baton shaped hour markers, date of the month aperture and centre seconds, the bracelet with Omega fold-over clasp, case diameter 3.5cm.

Estimate: £300 - £400

Condition Report

1095. Case is a little worn with typical scratches and surface wear. Glass also scratched. Dial is a bit dirty around edge, particularly at 3 o'clock, otherwise has some specks or dirt/discolouration. It is running and appears to keep time, but please be aware we give no guarantees to working order or reliability of any clock or watch. It adjusts smoothly. Bracelet is worn and a little loose. Fold-over clasp works as it should. No box or papers.
