

Single-Owner Collections / Thu, 29th November 2018 / Lot 4013

LOT 4013

A Chinese export porcelain figure group, Qing dynasty, modelled as a fisherman observing a large black bird pecking at a clam shell, on a mottled colourful rocky base, height 18.5cm (end of beard chipped).

Estimate: £150 - £250

Condition Report

4013. In generally good condition. End of beard chipped and missing. Small chip to tip of little finger on right hand. Firing cracks across ankles of figure and across base beneath the bird. Minor glaze wear and surface scratches.
