Estimate: £300 - £500

Condition Report

805. One carver has a later screw holding a repaired break to centre rail, otherwise it is a little wobbly. The other carver is also quite wobbly, but otherwise is ok. One chair has a replacement leg and a small repair to top of side support. The other five chairs have some minor chips and small cracks at tops of legs and some wear to backs, but are all fairly solid.
