Condition Report

1030. It is in exceptionally good condition with no significant condition problems. It winds smoothly and runs but please be aware we give no guarantees to working order or reliability of any clock or watch. It appears to have hardly ever been worn since it was purchased and only has typical very minor surface scratches to bracelet and case, only really evident when looking very closely. Boxes and paperwork all in good condition. No service history, we do not believe it has hardly been out of its box since it was purchased, or been serviced.
