Collectors' Items, Works of Art and Light Fittings  $\,/\,$  Friday, 22nd February 2019  $\,/\,$  Lot 2609

## **LOT 2609**

An 18th century Norwegian burr birch peg tankard, the lid with applied brass hinge and turned finial, raised on three turned feet, height 17.5cm (repair to top of handle).

Estimate: £400 - £600

## **Condition Report**

2609. There is a crack to the handle and whilst the brass work has considerable age, we think it would be part of the repair to re-secure the handle and not necessarily original to the piece. There is a later fitted screw on the top and bottom joint of the handle. Otherwise the condition and patina is very good.
