LOT 2009

A George III mahogany bachelor's chest of three long drawers, on bracket feet, height 82cm, width 82cm, depth 52cm (some faults and repairs).

Estimate: £100 - £200

Condition Report

2009. The top has some quite crude patching of veneer to the top and a repaired section to front right corner. There are several small chips to the edges of the cock beading. As the sides do not have any trim along the line of the legs it could possibly have been made from a larger piece, but all looks original from the underside. Later replacement handles.
