

Furniture / Friday, 11th October 2019 / Lot 2175

LOT 2175

A late Victorian Gothic Revival rosewood framed side chair, the seat and back inset with original needlework panels of Gothic design, on turned and block legs with brass castors, height 111cm, width 46cm.

Estimate: £30 - £50

Condition Report

2175. The frame is in generally good order, however there are chips to the bottom turnings of the legs where they meet the castor cups, also a small chip to the corner of one rear leg. The seat is quite worn and has some areas of loss, resulting in it being backed onto a canvas ground. The back panel is in generally good order.
