LOT 2013

A William and Mary oak chest of four drawers, the front with applied geometric mouldings, raised on stile supports, height 90cm, width 91cm, depth 58cm (some restoration and faults).

Estimate: £150 - £250

Condition Report

2013. The general condition of originality of the piece is good with some fairly typical replaces sections of mouldings to drawer fronts, replacement handles and probably later moulded edge to top front and left side. Some areas with evidence of historic woodworm. It has also had the stile feet replaced, having probably had a fairly sympathetic professional restoration at some point.
