

Jewellery / Wed, 25th November 2020 / Lot 615

### LOT 615

A platinum and diamond ring in a shaped square cluster design, mounted with a circular cut diamond within a surround of smaller circular cut diamonds between set shoulders, weight 4.9g, ring size approx N, with a case.

Estimate: £1,500 - £2,000

---

### Condition Report

615. The central old cut diamond slightly draws colour but looks to be a fairly clear stone, the other diamonds look to be fairly clear, the ring is a reproduction of an earlier style. Central diamond weight approx. 0.5ct.
