

Jewellery / Wed, 25th November 2020 / Lot 643

LOT 643

A gold and cabochon dark garnet solitaire ring, detailed '9ct', weight 3.8g, ring size approx P, and a silver ring, mounted with a gold highlighted pearl, probably Asian, weight 7.4g (shank distorted), with two cases.

Estimate: £80 - £120

Condition Report

Garnet - wear to surface, substantial chip to edge and smaller chip too. Some surface reaching inclusions. Some wear to sides.

Pearl - there is some loss of the gold highlighting and four pin holes where the gold is now missing. Surface of pearl otherwise good condition. Pearl somewhat uneven when viewed from the back, but looks to be in its natural form. Some distortion to the ring, with resultant loss of definition.

Cases - one is an old bar brooch case, the other is a modern folding ring box with a broken catch.
