A William IV silver teapot of compressed melon form with scroll moulded spout and handle, the hinged lid with foliate finial, on scroll feet, London 1833 by Edward, Edward Junior, John & William Barnard, weight approx 764.7g, height 14.5cm.

Estimate: £350 - £450

Condition Report

There is an engraved cursive monogram to the shoulders of the teapot - it looks like 'GMf'.

The finial is not bent, it is purposefully at an angle.

There are a few minor typical dents to the body, but otherwise it is in good condition.
