

Clocks and Barometers / Thu, 21st January 2021 / Lot 1112

### LOT 1112

A George III mahogany drop dial wall timepiece, the brass eight day five pillar fusee movement with verge escapement, the 8-inch silvered brass circular dial with black Roman hours and outer Arabic minutes, mock pendulum aperture and inscribed 'Richd Comber Lewes', the case with moulded circular surround and hinged doors to side and apron, diameter 25cm, height 31cm (alterations and restoration). Note: Richard Comber is recorded in 'Watchmakers and Clockmakers of the World' by G.H. Baillie as a good maker working in Lewes, born in 1742 and dying in 1824.

Estimate: £300 - £500

---

### Condition Report

1112. The clock is in generally good condition, but it is probably a marriage as the case and movement do not seem of the same period. Likely to be made up from various clocks. The movement winds smoothly, but only maintains power for a minute or two. Dial in good condition. Please refer to the 14 images available on our website.
