LOT 170

Dutch Provincial School - Coastal View with Moored Sailing Vessels in Coastal Waters, and View along a River, a pair of oils on panel, each 14cm x 21.5cm, within gilt frames of wide section with foliate corner crestings.

Estimate: £70 - £100

Condition Report

Generally in fair condition. Some surface dirt throughout. Old varnish has pooled around edges and also discoloured. Panels are bowing slightly, but no splits. UV examination highlights further varnish that was liberally applied. This is tinged green making it difficult to see overpainting beyond, however some touches can be seen particularly to the skies and some of the details.

Frames have been crudely repainted gilt.
