

Collectors' Items, Works of Art and Light Fittings / Thursday, 18th March 2021 / Lot 2501

LOT 2501

An early 18th century Malacca walking cane, the ivory handle with silver piqué inlaid decoration above a silver collar, length 91.5cm.

Estimate: £200 - £300

Condition Report

2501. The stick is in overall good condition with general surface wear and scuffs to the shaft and ferule. The silver collar has an overall typical surface wear and the handle has some natural occurring surface hairlines. The strap opening appears to have had a let-in circular repair, probably where it had been worn down, but otherwise in good original condition.
