LOT 1054

A Chinese black glazed porcelain vase, Kangxi period, of elongated ovoid form beneath a pewter mounted neck, unmarked, height 17cm (minor chip to footrim).

Estimate: £200 - £300

Condition Report

1054. It has a pewter mounted neck and rim so would presume the original rim may have been damaged but obviously unable to be certain. Black glazed body appears otherwise to be in generally good order. But heavily scratched glaze.
