### LOT 713

A gold, amethyst and seed pearl pendant, designed as two trefoils within an openwork surround, detailed '15ct', weight 2.4g, length 3.5cm, with a gold neckchain on an associated boltring clasp, weight 2.3g, length 47cm.

Estimate: £150 - £200

### Condition Report

713. The amethysts generally have some light surface scratching, with one or two nicks to facet edges. From the back there is a slight split to one of the amethyst settings but it is not impacting on the security of the stone.

Possibly a later boltring. One link of the necklace has broken, so currently this will need repairing before the pendant and chain can be worn.
