LOT 2571

A late 19th/early 20th century brass and cranberry glass table oil lamp, fitted with a frosted pink glass shade, height 67cm, together with an Edwardian brass rise-and-fall twin-branch ceiling light, width 68cm.

Estimate: £60 - £100

Condition Report

2571. 2 small chips to base of shade and numerous minute chips around base. The top rim and body of the shade are in good original condition. The metal base has been drilled for electricity and there is a small split to the fluted column. The base also lacks its original finish. The shade certainly has age and is not a modern reproduction.
