LOT 744

A 9ct gold and diamond ring, mounted with a row of circular cut diamonds in a twist design, detailed '0.15 9K', ring size approx P1/2, and a 9ct gold ring, claw set with a triangular cut pale amethyst between circular cut diamond set shoulders, ring size approx N1/2, total weight 3.6g.

Estimate: £70 - £100

Condition Report

Diamond twist design ring:

Diamonds are fairly included stones and have a cloudy appearance without magnification.

Couple of tiny dents to edges of shank near the setting, really only noticeable under magnification.

Amethyst ring:

In generally good condition overall.

Diamonds slightly draw colour.

Typical light surface scratching to both rings.

Both would benefit from a clean.
