LOT 1715

A Hollands clear glass spirit decanter, circa 1800, of square shape with canted corners, inscribed 'HOLLANDS' above a ribbon tied laurel wreath, opposing an engraved rose and flanked by thistle to each side, height 18cm, together with seventeen other spirit decanters, each with engraved or cut decoration, one inscribed 'BRANDY', another 'CALEDONIA', together with two plated decanter labels (minor faults).

Estimate: £100 - £200

Condition Report

Overall the decanters are in good condition with no real issues. Most do not have stoppers and those stoppers that are present are mostly matched.

One of those cut with stylised leaves has a sizeable chip to the neck rim and is cloudy, this is really the only issue of note.
