LOT 681

A French white gold, sapphire and diamond oval cluster ring, mounted with the oval cut sapphire within a surround of rose cut diamonds, weight 5.2g, ring size approx M.

Estimate: £350 - £400

Condition Report

The sapphire has some abrasion to facet edges in places, there is a chip to the girdle along one of the longer sides of the sapphire.

The sapphire has been cut to show colour zoning which is very obvious within the stone.

The diamonds are fairly subdued currently due to being dirty, the ring will benefit from a clean.

There is a deep scratch or surface split to one side edge of the shank, it is unsure as to whether the ring started life with this or not.

Some very minor wear/thinning to the back of the shank.
