LOT 2446

A mid-19th century moss agate and gold mounted desk seal, the facet cut handle with an applied foliate chased mount supporting an engraved carnelian matrix, length 7.5cm, cased, together with a 19th century gilt metal and chalcedony fob seal, length 2.8cm.

Estimate: £80 - £120

Condition Report

2446. The agate seal has a few miniscule nibbles to the edges of the handle, but only really noticeable when running a nail across it. Otherwise some minor wax residue around matrix. The other seal has some overall surfacw wear, but is otherwise ok.
