

British and Continental Ceramics / Thursday, 25th May 2023 / Lot 1691

LOT 1691

A Clarice Cliff Fantasque Summerhouse pattern biscuit barrel and cover, shape No. 336, with swing wicker handle, black printed and impressed marks to base, height excluding handle 16cm (minor faults).

Estimate: £300 - £500

Condition Report

The ball knob of the cover has been broken away at some point and glued back, there is an associated crack to one of the knob supports and a hairline emanating from it which runs approx 4cm across the cover. There are two flat chips to the underside rim edge of the cover, first approx 0.5cm square, second approx 0.3 by 0.2cm. The main body is in good condition overall with no cracks chips or restoration. There is some typical light wear to the enameling of the rim where the cover sits, otherwise the enamels are in good order with no real signs of wear.
