### Condition Report

1175. The watch is in generally good clean condition. Movement winds and adjusts smoothly, date rolls over as it should and it is currently running, but please be aware we give no guarantees to working order or reliability of any clock or watch.

Winding button/crown screws in tightly as it should.

Dial in good clean condition.

Clasp in good working order.

Case and bracelet in good order with only typical light surface scratches and wear, only obviously visible under magnification. Some dirt build-up between some links, so would benefit from a clean.
