### LOT 2013

A late Regency mahogany extending dining table, on ring turned tapering legs and brass castors, the top with two extra leaves, extended length 280cm, depth 125cm.

Estimate: £200 - £400

---

### Condition Report

2013. The table has the fairly typical overall historic marks and scratches, as well as more recent scuffs and marks, but all are quite normal wear and tear. Some very slight sun bleaching to one leg. The runners are missing the two screws that should connect the two ends together, so these could do with replacing. The two leaves are very slightly warped so they rise up ever so slightly where they meet at the centre.
