LOT 2168

A large late 19th century French cherry draw-leaf farmhouse table, the rectangular top with two long extending leaves, the frieze fitted with a single drawer, height 78cm, length 200cm, depth 90cm.

Estimate: £500 - £800

Condition Report

2168. PLEASE NOTE, this is not a general condition report, if you require this please request it.

Additional Information:

The extended length is 400cm, however it will need some attention for the top and leaves to operate properly. One of the support arms on one of the leaves is broken and the two removable blocks that should hold the top in a fixed position don't seem to be long enough, resulting in the top being loose.
