LOT 2080

An early Victorian mahogany twin pedestal desk by Gillows of Lancaster, the galleried top above an arrangement of nine drawers, one with stamped maker's mark, height 83cm, width 130cm, depth 62.5cm (some faults to veneer).

Estimate: £300 - £500

Condition Report

2080. The central drawer and 2nd drawer on right are missing their locks, otherwise the others look original. All four castors are matching and appear to be original. The desk itself is in need of overall restoration, having surface marks to top and loss of veneer around plinths
