LOT 2034

A George III mahogany circular tip-top supper table with a birdcage mount and substantial tripod base, height 72cm, diameter 90cm.

Estimate: £60 - £100

Condition Report

2034. Marks, scratches and burn mark to top which is quite deep, so the top will need to have a layer of timber taken off to get rid of it. The top block of the birdcage is a later replacement and there is a thin split to the column.
