LOT 85

Leonard Campbell Taylor (British 1874-1969) - The Chess Game: interior with figures at a table, watercolour, 33cm x 36.5cm, within a pierced gilt frame. Note: this watercolour reputedly came out of a large house in Leeds after the death of the last occupant. There were two pictures by Taylor that had been commissioned of and for the house. These works and other items from the house were then auctioned, including furnishings that appear in the paintings.
