LOT 2354

An early 20th century Arts and Crafts brass candlestick, designed by Ernest Gimson and probably made by Alfred Bucknell, the chamfered stem on an octagonal base, height 23cm (the candle nozzle with an internal aluminium fitting).

Estimate: £120 - £180

Condition Report

2354. It appears that it has been wired through the stem, but not drilled. The only issue is the aluminium insert stuck to the interior of the nozzle, unsure how it would be removed.
