LOT 722

A white gold, platinum, emerald and diamond square cluster ring, mounted with the square cut emerald within a surround of cushion shaped diamonds and an outer boarder of smaller cushion shaped diamonds, detailed '18ct&PLAT', weight 4.1g, ring size approx P, with a case.

Estimate: £250 - £350

Condition Report

722. The ring has typical surface wear, more pronounced to the flat cluster. Otherwise generally good with no significant damage or repairs. Some wear and surface abrasions to emerald and yellow gold surround. Diamond surround with typical surface wear, diamonds are bright and sparkly. Would suggest it is Art Deco period.
