Condition Report

1080. The watch is in very good clean condition. Looks like it has hardly been worn, so no damage and no significant scratches or wear, pretty much as new.

The movement winds and adjust smoothly, date adjusts as it should and it is currently in good working order, but please be aware we give no guarantees to working order or reliability of any clock or watch.

Dial is good. Case, glass and strap in good order.

We do not know the exact date of manufacture, as unfortunately the guarantee certificate and chronometer certificate have not been filled in or dated, but we believe they were made circa 2017-2018.
