LOT 2013

A Regency rosewood and brass inlaid sofa table, fitted with two frieze drawers and with applied gilt metal anthemion mounts, height 72cm, unextended width 91cm, depth 61cm.

Estimate: £150 - £250

Condition Report

2013. Structurally the table is in reasonable condition but does have a slight warp to the top. This has resulted in some of the line inlaid border lifting in areas as well as a few repairs and loss to the crossbanding. Some of the gilt mounts have some minor loss, in particular to the anthemion fronds.
