LOT 526

A gold ropetwist link neckchain, detailed '9ct', on a cylindrical clasp, weight 6.6g, length 48cm.

Estimate: £120 - £160

Condition Report

526. There is a small missing section of the link design close to the clasp and small plaque detailed '9ct'. Otherwise other links with typical light surface scratches and wear, but no other significant damage. Clasp works but a safety chain would be suggested as not fully secure.
