LOT 1004

A Tibetan human skull kapala, 17th/18th century, the metal rim inscribed with prayers, length 16cm, the triangular metal base cornered with three brown patinated heads, the sides decorated with repoussé flames above double lotus, total height 11cm. Provenance: the Alain Presencer Collection. Note: in Tibetan Buddhism, a kapala or skull cup is typically a human skull used in sacred rituals.

Estimate: £400 - £600

Condition Report

1004 - Generally good condition, typical surface scratches and wear to skull and rim, also some minor dents to rim but no significant damage.

Stand also in generally good condition with only typical surface scratches and wear, but no significant damage.
