LOT 2024

A late 20th century French solid oak farmhouse dining table, fitted with two frieze drawers, height 76cm, length 200cm, depth 90cm.

Estimate: £100 - £150

Condition Report

2024. Some overall typical and fairly minor knocks and surface scuffs, but generally in good condition. The two end cleats on the top have shrunk slightly resulting in one very small crack to the edge of the table top. The table has some areas of deliberate holes added in to the surface to imitate woodworm.
