### LOT 599

A gold, platinum, blue zircon and colourless gem set cluster ring, collet set with the circular cut blue zircon within a colourless gem set surround, detailed '18ct Plat', weight 3.4g, ring size approx Q1/2.

Estimate: £100 - £120

---

### Condition Report

Zircon has one or two tiny nibbles to facet edges. Stone secure though you can feel slight movement within its setting.

All colourless gemstones are present and appear secure.

Some minor wear to the back of the shank, but minor.

Overall in good condition.
