LOT 2006

A Regency mahogany showframe chaise-longue with spiral reeded supports and downswept sabre legs, height 82cm, width 204cm, depth 64cm (some repairs and restoration).

Estimate: £400 - £600

Condition Report

2006. The whole chaise appears to have been restored, re-upholstered and re-polished some time in the last 20 years, leaving it in overall reasonable condition. The frame is quite cleaned off and there are some overall minor bumps, marks and scuffs to the frame. Some minor historic woodworm to seat rails and the castors are later replaced reproductions.
