LOT 2005

A small George III provincial oak chest of two short and three long drawers, on bracket feet, height 75cm, width 74cm, depth 45cm.

Estimate: £100 - £200

Condition Report

2005. General condition is quite good but one of the rear feet has had a new section added to the bottom. The rear half of the top looks later, which would indicate that it was probably a commode cabinet originally. The lower drawer is lacking its lock.
