LOT 1870

An Art Deco Sabino opalescent glass circular dressing table box and cover, the cover relief decorated with three water nymphs above a faceted edge, the base with vertical ribbed line detail, engraved mark to base underside, moulded mark to cover, diameter 10.3cm.

Estimate: £80 - £120

Condition Report

The faceted edge of the cover has probably been reduced/polished over one facet as it does not protrude quite as much in this area - it is the tiniest of differences, just about noticeable in image 1 on our website between 6 and 7 o'clock.

The ribbed base has a minor blemish/scratch - also only noticeable on VERY close inspection.

Otherwise overall in good condition.
