LOT 2011

A good William IV mahogany dining table, the rectangular top with two extra leaves, each end with a panelled frieze flanked by carved scrolls, the octagonal tapering supports with carved foliate knops and quatrefoil bases, height 73cm, extended length 236cm, depth 124cm.

Estimate: £300 - £500

Condition Report

2011. Overall condition is generally quite good, with only some minor surface scratches, bumps and scuffs throughout. The top has an even colour but does have some old marks and slightly uneven polish in places. The support brackets underneath have had some alterations and repairs over time, but all solid and in working order. The two ends have a few very minor repairs, knocks and scratches.
