LOT 613

An emerald and diamond ring, mounted with a rectangular cut emerald between diamond set seven stone sides, designed as a bow, unmarked, weight 5.6g, ring size approx K1/2 (note sizing beads).

Estimate: £300 - £400

Condition Report

613. Generally good condition, but there is typical surface scratches and wear, with more pronounced wear to corner edges of the gold rub-over setting of the emerald. Small hole to one side of the gold rub-over setting. Diamonds are sparkly but would certainly benefit from a clean. Also please note, the two sizing beads to shank interior.
