

Natural History / Thu, 6th November 2025 / Lot 2383

LOT 2383

A large sculptural polished specimen of lapis lazuli, length 51cm.

Estimate: £200 - £400

Condition Report

2383. It appears to have a fault line rather than a repair. It has a polished groove into the fault line, but we are pretty sure it is not a repair. Otherwise the condition is good having an overall polished surface.
