A Regency painted softwood side cabinet, in the manner of Gillows of Lancaster, the two doors inset with gilt brass lattice panels, the surface with remnants of painted line detail, height 96cm, width 99cm, depth 41cm.

Condition Report

2160. Clearly the painted surface has a varying amount of wear, scuffs and marks, including some light scratches to top. The top appears to have had an additional rear strip added which does not have the same painted finish. There is a small section of moulding missing on rear left corner of base.
