LOT 2585

A late 19th century gilt bronze table lamp base, finely cast as a faun beside a treestump, the circular base with beaded band, height to light fitting 38cm (converted to electricity).

Estimate: £80 - £120

Condition Report

2585 - The bronze itself is in fairly good order, having a slight dent to the plinth and also having been connected to electricity, resulting in a drilled hole in the top of the tree stump and through the candle holder.
