Three Lladro figures, comprising Flowers of the Season, No. 1454, with stand, Flowers For Sale, No. 5537, and Aranjuez Little Lady, No. 4879 (some faults and repairs).

Estimate: £200 - £300

Condition Report

Flowers of the Season - parasol broken into 4 large pieces (not through the birds) and visibly glued, there are some petals/flowerheads missing but few and far between and on the whole the relief flowers are in good order. The stand has some scuffs/scratches.

Little Lady - 2 tiny nicks to edge of parasol, very indistinct, otherwise ok.

Flowers For Sale - parasol detached but available with the lot although it is missing a tiny bit of its pink frill edging, the standing girl should be holding a posy which has fallen and gotten lodged behind one of the baskets of flower at her feet. The seated woman is missing her right thumb. Otherwise the flowers and petals are generally in good order with minor losses and chips.
