LOT 1643

A Karl Ens group of two penguins, modelled standing on an ice flow type base, height 19cm, together with another Karl Ens model of a single penguin, height 18cm, and a Karl Ens group of two heron, height 26cm.

Estimate: £70 - £100

Condition Report

Group of 2 penguins - minor manufacturing blemish to upper front edge of ice flow base where there is a slightly rough and discoloured patch of glaze, otherwise in good condition.

Single penguin - in good condition overall with no cracks, chips or restoration. The underside of the base has some plaster filling and glue remnants as though it has previously been weighted down in some form - see image 4 on our website using the zoom function.

Heron - in good condition with no cracks, chips or restoration.
