## Condition Report

1135. The watch is in good clean condition with only very minor light surface scratches. Dial in good clean order.

The automatic movement winds and adjusts smoothly, date rolls over as it should and it is currently running, but please be aware we give no guarantees to working order or reliability of any clock or watch.

The date does not work properly when adjusting from the crown as it sticks when date rolls over. Chrono features in good working order with all resetting to 12 o'clock position.
