## Condition Report

1055. The watch is in generally good condition with typical light surface scratches and wear to case, bracelet and crystal/glass.  
Horizontal scratch/scuff across glass/crystal but otherwise ok with no cracks or chips.  
Dial in good clean condition with only minor dirt specks. Bracelet and clasp in good working order.  
The sprung crown screws onto case as it should but not fully so this would need attention.  
Movement winds smoothly, date rolls over as it should, adjust smoothly from the crown and it is currently running, but please be aware we give no guarantees to working order or reliability of any clock or watch.  
The date does not adjust from the crown.
