## LOT 512

An Edwardian 9ct gold, diamond and sapphire three stone oval hinged bangle with applied bead and wirework decoration, on a snap clasp, Birmingham 1905, weight 5.8g, inside width 5.7cm.

Estimate: £160 - £190

## Condition Report

512. Generally good condition except for one loose section of beading along the front panel which would require attention - it is fixed correctly for approx. one third of its length, but the other two thirds are not attached/soldered, so would require repair/attention.

Otherwise typical light surface scratches and wear. Few minor dents. Hinge is good and safety catch in working order. Good clear hallmarks.
